

EDUCATION

- **Purdue University, West Lafayette** 2023 - Present
Ph.D. in Mechanical Engineering GPA: 3.70/4.0
- **University of Michigan, Ann Arbor** 2020 - 2022
M.S. in Robotics GPA: 3.92/4.0
- **Purdue University, West Lafayette** 2014 - 2020
B.S.E. in Mechanical Engineering GPA: 3.76/4.0

PROFESSIONAL EXPERIENCE

- **Graduate Teaching Assistant**, Purdue University, West Lafayette 2025 - Present
- **Graduate Research Assistant**, Purdue University, West Lafayette 2023 - Present
- **Research Associate**, University of Michigan, Ann Arbor 2022 - 2023
- **Graduate Research Assistant**, University of Michigan, Ann Arbor 2021 - 2022
- **Undergraduate Research Assistant**, Purdue University, West Lafayette 2019 - 2020
- **Graduate Teaching Assistant**, Purdue University, West Lafayette 2025 - Present

POSTER SESSIONS

- Han, C.[‡], Sim, Y., Lee, J., **Lee, H.**, & Jun, M. (2025, August 5-9). Industrial Audio Foundation for Agile Machine Listening [Poster session]. US-Korea Conference 2025, Atlanta, GA, United States.
- Sim, Y., Lee, J., **Lee, H.**, Yun, D., Myeong, N., Hwang, Y., Park, H., Jun, M., & Kim, E. (2024, December 2). *Sound Data Augmentation Using Frequency Response Superposition for Machine Tool State Recognition* [Poster session]. Manufacturing And Materials Research Laboratories Symposium 2024, West Lafayette, IN, United States.
- Lee, J., Jeon, J., Sim, Y., **Lee, H.**, Han, C., Yun, D., & Jun, M. (2024, October 15-16). *Generative AI Based Real-Time Human-Data Interaction for Smart Manufacturing* [Poster session]. Digital Twin for Manufacturing Sustainability, Safety, and Resilience 2024, West Lafayette, IN, United States.
- **Lee, H.**, Sim, Y., Lee, J., Han, C., & Jun, M. (2024, October 15-16). *Digital Twin & Vision Guided Autonomous Robotic Path Planning* [Poster session]. Digital Twin for Manufacturing Sustainability, Safety, and Resilience 2024, West Lafayette, IN, United States.

- Lee, J., Kim, E., Han, C., **Lee, H.**, & Sim, Y. (2024, March 24-26). *Generalized and Generative Smart Manufacturing* [Poster session]. North Academy of Engineering Regional Meeting 2024, West Lafayette, IN, United States.
- Han, C., **Lee, H.**, & Jun, M. (2024, May 24-26). *Robotics in Smart Manufacturing* [Poster session]. Congressional Artificial Intelligence Caucus 2024, Washington, D.C., United States.

FELLOWSHIPS

- **Winkelman Fellowship** 2023 - 2024
- **Multidisciplinary Design Program (MDP) Summer Fellowship** 2021 - 2021

OTHER HONORS & AWARDS

- UKC 2025 Best Poster Award N/A
- Italian Technology Award 2025 N/A
- NSF Travel Award for NAMRC/MSEC 2025 N/A
- DigiTwin 2024 for Manufacturing, Sustainability, Safety, and Resilience Student Best Poster Award N/A
- Young Professional NET Award 2024 - 2025
- MECC 2023 Travel Grant N/A

PATENTS

- Jun, M., Lee, J., **Lee, H.**, Akin, S., Han, C., Gabor, T., & Sim, Y. (2025, September 18). *Cold spray-enabled physically unclonable identifier and its spectral authentication via implicit neural representation* (U.S. Patent Application No. [Number Assigned]). U.S. Patent and Trademark Office.

INDUSTRIAL PROJECTS

- **BCI Solution, Inc** 2024 - 2025
 - Developed a digital twin of FANUC CRX-10iA/L using MuJoCo physics simulator and Python.
 - Established bi-directional communication among FANUC CRX-10iA, its digital twin, and CESMII platform for automation and verification of core-making operations.
- **Korea Institute of Machinery and Materials (KIMM)** 2020 - 2022
 - Developed a generalized sampling algorithm to extend a cutting edge object segmentation AI to 6-DOF object pose estimation method for machine tending.
 - Developed a hybrid computer vision pipeline to localize metal debris inside CNC machine that must be removed.
- **BCI Solution, Inc** 2014 - 2020
 - Built a server-client system using Python and KAREL to communicate FANUC controller via external PC.
- **Terra Drive Systems (TDS)** 2023 - 2023
 - Installation of stethoscope-based sound sensor and mini PC to establish a data pipeline.
 - Developed a sound recognition AI model to monitor status of Makino a81 CNC machine.
 - Generated a web-based dashboard for intuitive data analysis and visualization.

PROFESSIONAL SOCIETY MEMBERSHIPS & SERVICES

- IEEE Transactions on Automation Science and Engineering / Reviewer 2025 - Present
- Graduate Association for Manufacturing Excellence / Treasurer 2025 - Present
- Korean-American Scientists and Engineers Association (KSEA) / Member 2024 - Present

LEADERSHIP & MENTORSHIP

- Student Mentor 2024 - Present
 - Richard Li - B.S. in Computer Science (Summer 2024), Evin Lugo - B.S.E. in Mechanical Engineering (Fall 2024 - Spring 2025), Yoonseo Lee - B.S.E. in Mechanical Engineering (Spring 2025 - Summer 2025), Junho Sohn - M.S. in Mechanical Engineering (Fall 2025 - present)
- Sub-Team Leader (Barton Research Group) 2021 - 2022
 - Facilitated communication among 5 sub-team members and Ph.D. mentors.
 - Led weekly team meetings for discussion among members and provided advice regarding their projects.

CERTIFICATIONS

- Deep Learning Specialization, DeepLearning.AI
- Modern Robotics, Northwestern University

SKILLS

- **Programming:** C/C++ (Beginner), Python (Professional), MATLAB (Professional)
- **Frameworks/Libraries:** ROS, PyTorch, TensorFlow
- **Languages:** English (bilingual), Korean (native), Japanese (conversational)
